

## **How to Oppose White Supremacists Safely and Effectively**

### **The White Supremacists want**

- to make themselves look like victims in the media
- to gain acceptance as legitimate public protesters

### **How they'll try to provoke us**

- THEY WILL get in our faces
- THEY WILL shout things like “get out of my country” or “we’re in control now”
- THEY WILL touch or hold their guns

### **What you SHOULDN'T do**

- DON'T bother talking to them or trying to persuade them
- DON'T engage in any physical or verbal violence
- DON'T direct any action or anger towards the police
- DON'T resist arrest

### **What you SHOULD do**

- DO stay calm and upbeat
- DO think about how the media will present your actions
- DO stay cogent and respectful, if you are interviewed by media
- DO have prepared sound-bites that cannot be taken out of context.
- DO obey police instructions and commands

remember:

**YOUR ACTIONS MAKE A DIFFERENCE  
DON'T PLAY INTO THEIR HANDS!**
